

MILITARY TAX-EXEMPTION FORM

The City of Springboro does not tax active-duty pay earned by members of the military. In addition, other income earned by active-duty members of the military and their spouses (e.g., non-military pay, Schedule C income, Schedule E income) will **not** be taxed by the city as long as the individual/spouse's home of record is NOT located in Springboro, Ohio.

To apply for an exemption from Springboro local income tax as a member of the military, please complete the following form. Once your application is accepted, you will be exempt from filing local income taxes for the current and all future tax years, until you leave military service. Should you leave military service and become a resident of Springboro, Ohio, you will have a filing obligation to the City and will be expected to file tax returns at that time.
